Notes:

- (1) The basis of preparation of the Unaudited Condensed Consolidated Statements of Comprehensive Income are disclosed in Note A1 and should be read in conjunction with the accompanying explanatory notes attached to this interim financial report.
- (2) Basic earnings per share is calculated based on the Company's weighted average number of ordinary shares at the end of the reporting period. For comparative purpose, the earnings per share for the financial period/year ended 31 December 2020 had been adjusted to reflect the bonus issue of 3 for every 4 existing ordinary shares which was completed on 3 November 2021. (2021: 691,287,663 shares; 2020: 639,999,992 shares)
- (3) The diluted earnings per share is the same as basic earnings per share as the potential conversion of the Company's existing warrants is anti-dilutive. The potential conversion is anti-dilutive as the warrant's exercise price is higher than the average market price of the Company's ordinary shares.
